

HURRICANE PREPAREDNESS CHECKLIST

The Atlantic Hurricane Season runs from June 1 – November 30. This checklist is provided to assist you in making preparations for the upcoming Hurricane Season.

PREPARING AHEAD OF THE STORM

- Review your insurance policy to determine if you have adequate coverage. Home Insurance Policies do not cover damage caused by flood. A separate Flood Policy is needed to protect your property from flooding. To obtain more information contact your independent agent.
- Prepare an inventory of your personal property and document with photos or videotape. Keep one copy at home and another at a location away from home that will not be damaged in a storm.
- Plan an evacuation route and destination if it is necessary to leave your home.
- Teach your children what to do in the event of an emergency.
- Make a plan for what to do with your pets in the event you must evacuate your home.
- Maintain a supply of water and non-perishable food, juice, etc.
- Have a portable radio, flashlight, cell phone and fresh batteries.
- Have an out-of-state friend/relative as a “family contact”.

WHEN A HURRICANE WATCH IS ISSUED (Threat of a hurricane within 24-36 hours)

- Fill all vehicles with gasoline.
- Check to determine that you have an adequate supply of medicine/prescription drugs.
- Procure cash, as Banks/ATMs may not be available for extended periods.
- Turn refrigerators/freezers to coldest setting.
- Bring outside furniture, toys etc. into the house or garage.
- Cut tree branches that could damage windows or walls.
- Assemble a first aid kit
- Assemble important documents (medical records, insurance policies, checkbook, etc.) in a waterproof container or watertight resealable bag.
- Review evacuation route and destination.

HURRICANE DISASTER SUPPLY KIT

- Canned goods and nonperishable foods that do not need cooking:

 - nails and screws
 - rope and wire
 - broom, mop and bucket
 - all-purpose cleaner
 - ladder
 - sandbags
 - portable generators
 - tree pruner
 - shovel, rake and wheelbarrow
 - sheets of plywood

FAMILY COMMUNICATION PLAN

Develop a 'Family Emergency Communication Plan' in case family member are separated from one another during an emergency (a real possibility during the day when adults are at work or traveling and children are at school, camp or a friend's home). You can then develop a plan for safely getting back together. This will help assure everyone that all family members are safe.

- Ask an out-of-state relative or friend to serve as a 'family contact'. After a disaster, it is often easier to call long distance than locally.
- Make sure everyone knows the name, address and telephone number of the contact person.
